

Exceptional Family Resource Center

Prevention Resources & Referral Services

About Prevention Resources & Referral Services (PRRS):

PRRS is for babies and toddlers at risk of having a developmental delay but who are not eligible for California Early Start.

Services include information, resources and referral, plus peer support and ongoing communication with parents through Exceptional Family Resource Center (EFRC).

Children can be referred by:

- Parents
- San Diego Regional Center
- Pediatricians
- NICU staff
- Other clinical professionals

Eligibility for PRRS:

Children who are birth to 3 and:

- Meet two established risk criteria for developmental delay,
- or**
- Are 24-35 months old and have 33%-49% delay in their cognitive, physical, communication, adaptive or social/emotional skills.
