

The Club Xcite

Junior Counselor Summer Job Training Program

Job skills coaching program for teens 15 +

Providing job skill training opportunities in a coached but natural and fun environment!

The Junior Counselor Job program is for teens and young adults who are interested in developing job skills. The program will interview, hire and train the individuals participating in this program to work with younger kids as a junior counselor. Throughout this program teens get real life job experience, have responsibilities and receive feedback on their performance. Teens benefit from the increased self-esteem and confidence that comes with having a job. Simultaneously they are in a nurturing environment where ClubXcite Staff members can support them in doing their best, following their job description and making a difference in another child's life.
